(d) The ordinance may include whatever additional provisions relating to the organization of the public body or agency as may be necessary.

(e) In the event the legislative body enacts this ordinance, all of the powers by this appendix granted to the municipality, from the effective date of the ordinance, are vested in the public body or agency established by the ordinance.

A1-105. Powers withheld from the agency.

The agency may not:

(2) Issue general obligation bonds pursuant to section A1-111 of this appendix; or

(3) Appropriate funds or levy taxes and assessments pursuant to section A1-103(3) of this appendix.

A1-106. Initiation of project.

In order to initiate an urban renewal project, the legislative body of the municipality shall adopt a resolution which:

(1) Finds that one or more slum or blighted areas exist in the municipality;

(2) Locates and defines the slum or blighted area; and

(3) Finds that the rehabilitation, redevelopment, or a combination of them, of the area or areas, is necessary and in the interest of the public health, safety, morals, or welfare of the residents of the municipality.

A1-107. Preparation and approval of plan for urban renewal project.

(a) In order to carry out the purposes of this appendix, the municipality shall have prepared an urban renewal plan for slum or blighted areas in the municipality, and shall approve the plan formally. The municipality shall hold a public hearing on an urban renewal project after public notice of it by publication in a newspaper having a general circulation within the corporate limits of the municipality. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal project under consideration. Following the hearing, the municipality may approve an urban renewal project and the plan therefor if it finds that:

(1) A feasible method exists for the location of any families or natural persons who will be displaced from the urban renewal area in decent, safe, and sanitary dwelling accommodations within their means and without undue hardship to the families or natural persons;

(2) The urban renewal plan conforms substantially to the master plan of the municipality as a whole; and

(3) The urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise.

(b) An urban renewal plan may be modified at any time. If modified after the lease or sale of real property in the urban renewal project area, the modification may be conditioned on whatever approval of the owner, lessee, or successor in interest as the municipality considers advisable. In any event, it shall be subject to whatever rights at law or in equity as a lessee or purchaser, or the successor or successors in interest, may be entitled to assert. Where the proposed modification will change substantially the urban renewal plan as approved previously by the municipality, the modification shall be approved formally by the municipality, as in the case of an original plan.

(c) On the approval by the municipality of an urban renewal plan or of any modification of it, the plan or modification shall be considered to be in full force and effect for the respective urban renewal area. The municipality may have the plan or modification carried out in accordance with its terms.

A1-108. Disposal of property in urban renewal area.

(a) The municipality, by ordinance, may sell, lease, or otherwise transfer real property or any interest in it acquired by it for an urban renewal project to any person for

residential, recreational, commercial, industrial, educational, or other uses or for public use, or it may retain the property or interest for public use, in accordance with the urban renewal plan and subject to whatever covenants, conditions, and restrictions, including covenants running with the land, as it considers necessary or desirable to assist in preventing the development or spread of future slums or blighted areas or to otherwise carry out the purposes of this appendix. The purchasers or lessees and their successors and assigns shall be obligated to devote the real property only to the uses specified in the urban renewal plan, and may be obligated to comply with whatever other requirements the municipality determines to be in the public interest, including the obligation to begin within a reasonable time any improvements on the real property required by the urban renewal plan. The real property or interest may not be sold, leased, otherwise transferred, or retained at less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, the municipality shall take into account and give consideration to the uses provided in the plan, the restrictions on, and the covenants, conditions, and obligations assumed by the purchaser or lessee or by the municipality retaining the property, and the objectives of the plan for the prevention of the recurrence of slum or blighted areas. In any instrument or conveyance to a private purchaser or lessee, the municipality may provide that the purchaser or lessee may not sell, lease, or otherwise transfer the real property without the prior written consent of the municipality until the purchaser or lessee has completed the construction of any or all improvements which the purchaser or lessee has been obligated to construct on the property. Real property acquired by the municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for the transfer and the urban renewal plan (or any part or parts of the contract or plan as the municipality determines) may be recorded in the land records of the county in which the municipality is situated in a manner so as to afford actual or constructive notice of it.

(b) The municipality, by ordinance, may dispose of real property in an urban renewal area to private persons. The municipality may, by public notice by publication in a newspaper having a general circulation in the community, invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. The notice shall identify the area, or portion thereof, and shall state that proposals shall be made by those interested within a specified period. The municipality shall consider all redevelopment or rehabilitation proposals and the financial and legal ability of the persons making proposals to carry them out, and may negotiate with any persons for proposals for the purchase, lease, or other transfer of any real property acquired by the municipality in the urban renewal area. The municipality may accept any proposal as it deems to be in the public interest and in furtherance of the purposes of this appendix. Thereafter, the municipality may execute and deliver contracts, deeds, leases, and other instruments and take all steps necessary to effectuate the transfers.

(c) The municipality may operate temporarily and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this appendix, without regard to the provisions of subsection (a), for uses and purposes considered desirable even though not in conformity with the urban renewal plan.

(d) Any instrument executed by the municipality and purporting to convey any right, title, or interest in any property under this appendix shall be presumed conclusively to have been executed in compliance with the provisions of this appendix insofar as title or other interest of any bona fide purchasers, lessees, or transferees of the property is concerned.

A1-109. Eminent domain.

Condemnation of land or property under the provisions of this appendix shall be in accordance with the procedure provided in the Real Property Article of the Annotated Code of Maryland.

A1-110. Encouragement of private enterprise.

The municipality, to the extent it determines to be feasible in carrying out the provisions of this appendix, shall afford maximum opportunity to the rehabilitation or redevelopment of any urban renewal area by private enterprise consistent with the sound needs of the municipality as a whole. The municipality shall give consideration to this objective in exercising its powers under this appendix.

A1-111. General obligation bonds.

For the purpose of financing and carrying out an urban renewal project and related activities, the municipality may issue and sell its general obligation bonds. Any bonds issued by the municipality pursuant to this section shall be issued in the manner and within the limitations prescribed by applicable law for the issuance and authorization of general obligation bonds by the municipality, and also within limitations determined by the municipality.

A1-112. Revenue bonds.

(a) In addition to the authority conferred by section A1-111 of this appendix, the municipality may issue revenue bonds to finance the undertaking of any urban renewal project and related activities. Also, it may issue refunding bonds for the payment or retirement of the bonds issued previously by it. The bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with the undertaking and carrying out of urban renewal projects under this appendix. However, payment of the bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any urban renewal project, or any part of a project, title to which is in the municipality. In addition, the municipality may enter into an indenture of trust with any private banking institution of this State having trust powers and may make in the indenture of trust covenants and commitments required by any purchaser for the adequate security of the bonds.

(b) Bonds issued under this section do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, are not subject to the

provisions of any other law or charter relating to the authorization, issuance, or sale of bonds, and are exempted specifically from the restrictions contained in sections 9, 10, and 11 of Article 31 (Debt – Public) of the Annotated Code of Maryland. Bonds issued under the provisions of this appendix are declared to be issued for an essential public and governmental purpose and, together with interest on them and income from them, are exempt from all taxes.

(c) Bonds issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality. They may be issued in one or more series and shall:

- (1) Bear a date or dates;
- (2) Mature at a time or times;
- (3) Bear interest at a rate or rates;
- (4) Be in a denomination or denominations;
- (5) Be in a form either with or without coupon or registered;
- (6) Carry a conversion or registration privilege;
- (7) Have a rank or priority;
- (8) Be executed in a manner;
- (9) Be payable in a medium of payment, at a place or places, and be subject to terms of redemption (with or without premium);
- (10) Be secured in a manner; and
- (11) Have other characteristics, as are provided by the resolution, trust indenture, or mortgage issued pursuant to it.

(d) These bonds may not be sold at less than par value at public sales which are held after notice is published prior to the sale in a newspaper having a general circulation in the area in which the municipality is located and in whatever other medium of publication as the municipality may determine. The bonds may be exchanged also for other bonds on the basis of par. However, the bonds may not be sold to the federal government at private sale at less than par, and, in the event less than all of the authorized principal amount of the bonds is sold to the federal government, the balance may not be sold at private sale at less than par at an interest cost to the municipality which does not exceed the interest cost to the municipality of the portion of the bonds sold to the federal government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this appendix cease to be officials of the municipality before the delivery of the bonds or in the event any of the officials have become such after the date of

issue of them, the bonds are valid and binding obligations of the municipality in accordance with their terms. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this appendix are fully negotiable.
